Final Event 14- 15 June 2022

## Fostering Innovation Towards a More Sustainable Forest Sector in Europe

Barcelona, Spain (Hybrid format)

Register now!

**ROSEWOOD4.0 Final Event - 14 & 15 June 2022**  
Registrations are now open!

ROSEWOOD4.0 invites you to participate in the final event of the project that will take place in Barcelona, Spain (also in hybrid format) on 14 & 15 June. The event is co-organised by the **European Forest Institute (EFI)** and **Steinbeis Europe Zentrum (SEZ)** and will consist of 3 sessions with innovation towards a more sustainable forestry sector in Europe as a cornerstone.

Attendees will be able to decide whether to participate in the whole event or only register for one of the organised modules.

- **Session I - The ROSEWOOD4.0 project: main results & outcomes (14 June. 9:30 - 13:00 CEST)**
- **Session II - How to ensure long-term sustainability of networks once the project is over? Tools and methods (14 June. 14:00 - 18:00 CEST)**
- **Session III - Working groups: foster innovation towards a more sustainable forest sector - an open space market (15 June. 9:30 - 13:00 CEST)**

*The deadline for registration is 7 June! Hurry up and join us!*
